

## Report to Active Travel Committee

5<sup>th</sup> September 2024

### Bike Hangars

Faversham Town Council owns two bike hangars, which are in Central and Institute Road car parks. There are currently two spaces only available in Institute Road.

### Survey Responses

A recent survey asking for suggestions for locations of further bike hangars received the following responses.

|  |
|--|
| I'd love a bike hangar on St John's Road because we have limited car parking and most houses and gardens are small for bike storage. What3words are bounded.stiffly.listen |
| Near the rec or Westgate/minster road  |
| At Faversham West Community Centre. We don't have storage in the flats in Hazebrouck but I would like to be able to cycle for health                                       |
| Near Napleton Road, ME13 7JR. I have limited space at home (Victorian terraced house) for bike storage.  |
| Maybe as well undercover bike parking, because electric bikes should not get too wet   |
| By the station (capers.nags.flight) as the only secure bike storage there is reserved for first class passengers.  |
| Yes, we need more cycling options in faversham   |
| Outside Faversham Railway Station  |
| I don't use what3words I have learning difficulties but bike lock with CCTV near the Tesco crossing or out side the wetherspoons add more hoops with CCTV                  |
| Abbey Street   |
| Fielding street  |
| ///clearly.allowable.troll Close to the rec would be great.  |
| Near the railway station as the secure cycle parking there is inadequate and reserved for first class season ticket holders  |

Faversham Station 3

Near the Rec 3

West Faversham 1

Fielding Street/Napleton Road 2

Tesco/Abbey Street 2

### Cycle Hoops

We now have a number of cycle hoops outside the post office, which are surplus to requirements and could be moved elsewhere.
