To consider the proposal that Faversham Town Council establishes a Youth Partnership Group, similar to the Faversham Community Networking Group, to address the significant loss of youth services and funding in the area. With cuts to local services disproportionately affecting younger residents, this group would serve as a dedicated platform for collaboration between the council, local organisations, schools, and youth representatives, enabling them to identify gaps, advocate for resources, and develop solutions tailored to the community's needs. The Youth Partnership Group could meet quarterly to discuss pressing issues, prioritise initiatives, and present actionable recommendations to the council.
