Millfield.

Joseph sends an updated waiting list to all allotments every month, but he is not receiving one back from Millfield. People are asking what number they are at, and it does not match up with the waiting list. It seems that people are jumping the list. Joseph is looking into this.

Have offered out plots to others waiting on other lists to take up vacant plots and have had no takers for this.

Perry court.

Perry Court has 43 on the waiting list.

Back in January, we were told that we now owned the land at Perry Court and that we could start to work on bits on the site and work to get it ready.

A list was made for bits we would need and given in to be passed, this has been done.

Chestnut fencing has been ordered to mark out plots measuring 13m x 4.5m. In the first phase, 20 plots will be marked out.

The container has been ordered, 20ft used from R S French and paving slabs marked out and put in place for it to sit on.

Three padlocks have been ordered for the site; one key will fit all three padlocks, and 45 keys will be needed.

A tenant agreement has been sent out to people on the waiting list, for the first 20.

Perry Court has 43 people on the waiting list, and it continues to grow.
