

Bench Results

Location	Comment
C	Bench location would be C. However would prefer money to be spent on sending traffic enforcement to look at the dangerous parking on bends and at junctions
B	No comment
B	Position B is my preferred position for a bench in Hazebrouck Road. Although I am concerned that a bench may be vandalised like the one by the stream
B	I have just lost my husband and would happily donate to the bench for a memorial plaque
Not C	We have received your letter about a proposed bench in Hazebrouck Road and we think this is an awful idea. We already suffer from time to time from youths/young adults drinking alcohol, taking drugs and generally being a nuisance whilst sitting on the benches in the play area in Hazebrouck Road (particularly in the evenings) so adding another bench in the area is only going to make matters worse. There is no way it should be situated in Location C as it is so close to the play area which already has benches. Please could we urge you to think again - we cannot see the need for any more benches and surely the money could be better spent.
ANY	Think it's a good idea
B	Good idea
B	Prefer facing the woods
