

Creek Clean Up

Cleaning up

- Getting together a group of volunteers to spot new rubbish being dumped (apparently, after 2-3 days it gets locked into the mud and is much more difficult to remove)
- A small group of volunteers to remove the debris - Eric is willing to train a group, with the possibility that Colin Frake makes a new grappling hook for them. Or, could Stacey's apprentices be tasked to do this?

Waste disposal

- Seek local businesses who have rubbish disposal facilities that could be used,, e.g., East Kent recycling, Brett's?
- Or, seek out anyone with a skip that they would allow us to use occasionally, e.g., Iron Wharf?

Raising awareness

- A piece in the local newspaper with a picture of some of a recent haul of rubbish - see attached
- Circulating the same onto local FB groups, eg the Trust etc.
- A piece in the FTC newsletter?
