Anti-Social behaviour

Nuisance Motorbikes and Off-Road Bikes

Nuisance and illegal use of motorbikes can cause significant concern within our communities, particularly where bikes are being ridden dangerously on roads, footpaths, parks or other public land. Off-road motorcycles and similar vehicles should not be used on public land without the appropriate permission.

Residents can help by reporting incidents and providing as much information as possible, including:

-The location, date and time of the incident.

-A description of the bike and rider, including clothing or distinguishing features.

-Registration numbers, where visible.

-Details of where bikes are regularly being ridden or stored.

-Photographs or video footage, where this can be obtained safely and without confrontation.

Please do not approach or challenge riders. Your safety comes first.

Incidents can be reported to Kent Police online through its reporting service or by calling 101 for non-emergencies.

If there is an immediate danger to the public or an emergency, call 999. Kent Police has specifically advised residents to continue using 999 where an incident taking place requires an immediate police response.

Information can also be provided anonymously to Crimestoppers on 0800 555 111.

Please continue to report incidents. Your information helps local officers build a clearer picture of where nuisance riding is occurring, identify those responsible and target policing activity effectively.
